YOUTH PARTY IN COPENHAGEN

Political head
2017-2018

As chairman of the capital region and member of the national governing body of a youth party I familiarized myself with structuring and leading political movements.

JOB HISTORY

BESURE (STUDENT STARTUP)
Co-founder
2023-2024

As cofounder I worked with another in developing a new assay for sexually transmitted bacterial infections utilizing the protein CRISPR Cas13a. After a BioBusiness course, market analysis and grant applications, I was able to develop a working early proof of concept as part of my bachelor thesis.

BIOTECH ACADEMY
Directing Manager
2022-2023

As head of biotech academy, a non-profit student organization, I was responsible for 16 employees and an annual budget of over 1 million DKK. The work consisted primarily of team management, administration and decision making.

Biotech Academy is Denmark's leading provider of free digital school oriented biotech educational material as well as free experimental kits for ages 14-19.

WATERGAMES
Instructor
2022

I prepared courses for examinations in speedboat certificates, while adapting the course to customer needs and the Danish Maritime Authority.

SØVÆRNET
Constable (Communication) and reservist
2020-2021

I worked on the ship's radio managing reports, as well as encryption of communications. In addition, I was a smoke diver (firefighter) and medic.

Expeditions were in the sea around Greenland and the Faroe Islands, where the work took place in the radio room, the bridge and the hospital. As a reservist I was liaison officer to an American warship in Copenhagen.

THE DANISH ROYAL LIFE GUARDS REGIMENT
Recruit/Guardsman
2019-20

8 months military service divided into normal "green" service and "blue" guard. Education included training in first aid, military law and guarding.
